

# ZAGG®

## KEYBOARD PORTFOLIO

# Getting Things Done Doesn't Just Happen Between 9 and 5.

---

ZAGG's lightweight, portable keyboards are designed for people on-the-go, who aren't confined by the traditional office work space. Our universal range of keyboards will transform any device in a flash, letting you experience mobile typing the way it was meant to be.

Don't cramp your style tapping on a small on-screen keyboard. Whether you're composing a report on the fly or finishing that urgent email to your boss, typing has never been easier or more comfortable with a ZAGG keyboard. So you have the power to work how you want, wherever you want.

# RUGGED MESSENGER WITH VISIONGUARD™

Durable Case with Snap-on VisionGuard™ Screen Protection + Pen Holder

## Rough and Tumble Ready

- A snap-on VisionGuard™ screen protector helps protect your display from smudges and scratches. More importantly, the VisionGuard protects your eyes. It's touch sensitive, and the thumb reader will work through the PET screen.
- Tough, durable layers help protect your device against impact and corner damage.
- The rugged construction can withstand drops from up to 2m.
- The magnetic built-in stand adjusts for increased usability. It can also be used as a smart cover for added protection inside a backpack.

iPad (9.7-inch  
2017 & 2018)  
iPad Pro (9.7-inch,  
11-inch & 12.9-inch)

## Ultra-Slim Keyboard & Detachable Case

### Where creativity and productivity intersect.

- Slim, Lightweight Design: Made for versatile, on-the-go use.
- Holder for Apple Pencil: Stores the Apple Pencil safely and conveniently.
- Streamlined Protection: The slim yet sturdy case and keyboard give you peace-of-mind protection without the bulk.
- Detachable Keyboard and Case: The keyboard and case detach and let you use your device in three different modes: keyboard, case, and video.
- Multi-device Pairing: Connect with two devices simultaneously.
- Reverse Kickstand: The built-in reverse kickstand has a 100° radius for optimal viewing and working conditions.
- Backlit, Laptop-style Keys: Keys are backlit in seven different colours, and their clean, precise keystrokes provide an easy, comfortable typing experience.
