EXPAND
Meeting Solutions

Seamless collaboration

As virtual communication becomes increasingly important for businesses around the world, the quality and reliability of audio devices is more essential than ever. We created the EXPAND Line of premium audio tools specially to address the needs of decentralized teams, often working across locations and time zones.

Whether in huddle spaces, small to mid-sized meeting rooms or in meetings on-the-go, every model in the EXPAND Line is designed and crafted to for clear conversation, ease-of-use and perfect connectivity with all your devices.

Thanks to enhanced voice pickup and superior speaker sound, everyone on conference calls can participate and engage with the same confidence and clarity as being there in person. By enhancing communication between your colleagues – and customers – the EXPAND Line gives you the tools you need for seamless collaboration.

Connect with your world

Some meetings simply can't wait. With the EXPAND Line, your team can set up conference calls seamlessly and instantly, with easy-to-connect speakerphones that are simple and intuitive to manage, and configure themselves automatically with all your devices. EPOS craftsmanship is known around the world for quality, reliability, and superior materials – built into sleek and compact designs that perfect the essentials, without any unnecessary parts or buttons.

Designed for personal and shared use, at the office and on-the-go, the EXPAND Line gives you the freedom to turn any space into a hassle-free virtual meeting room, anywhere in the world. Every solution in the EXPAND Line is portable and exceptionally easy to use, designed and crafted to perfection with best-in-class voice pickup, guaranteeing outstanding sound for you, your team, and your customers.

The facts EXPAND

For the **69%*** of office workers who use a headset or speakerphone for conference calls, seamless collaboration is vital. Which is exactly why we created the EXPAND Line.

We know that **59%*** of workers use an audio solution every single day, so we created this line to be of the best quality and reliability out there.

Because **37%*** of every day collaborators spend more than half their time away from their desk, the EXPAND Line is designed and crafted for flexibility, ease-of-use and perfect connectivity with all devices.

EXPAND 30 Series

The EXPAND 30 Series is a portable wireless speakerphone for today's mobile workforce. Supporting both personal and small to medium sized conferencing up to 8 people, it is possible to set up a conference call at a moment's notice in any location or use the device as part of a permanent conference room solution.

A choice of Bluetooth® or USB-C connectivity gives freedom and flexible connection options. Two long-range, noise and echo cancelling microphones and an ultra-low distortion speaker with clear voice reproduction allow a natural, conversational flow even in challenging environments. For relaxing between calls, you can enjoy music performance with EPOS' renowned sound quality. With its premium materials, EXPAND 30 is a flexible conferencing tool for both in and out of the office.
