

Surface Hub 2S

Meetings and collaboration
for hybrid teams

Whether your teams are a few feet apart or hundreds of miles away, collaboration is more important than ever. Bring hybrid teams together with an inclusive way to meet and co-create.

Hybrid meetings that include everyone

Ensure hybrid teams can inclusively engage everyone's voices, faces, and ideas. Surface Hub 2 Smart Camera gives remote participants a dynamic view of the room.¹

Seamlessly share and co-create together

Give everyone equal opportunity to co-create and collaborate in real time. Empower people to whiteboard together, create a document, or share ideas, no matter where they work.

Make any place a teamwork space

Configure the perfect collaboration space with mobile flexibility and choice of size. From small spaces to big boardrooms, find the right fit with Surface Hub 2S and Steelcase Roam™ Mobile Stands.²

Manage remotely and stay secured anywhere

Maintain secure control. Centrally manage settings, policies, health, and status through the Microsoft Teams Rooms Management suite of tools.³ Windows keeps operations safe and secured

Hybrid meetings for everyone, anywhere

Empower teamwork anywhere with Surface Hub 2S, a collaborative canvas and meetings device certified for Microsoft Teams

An equal seat at the table

Use Surface Hub 2S as your front-of-room display to deliver inclusive meeting experiences. Remote team members have a dynamic view of in-room interactions when you use AI-powered Surface Hub 2 Smart Camera¹, which adjusts the meeting room view when people leave, join, or interact with the display.

Small space, big collaboration

Power small-group huddles with Surface Hub 2S 50". Team members can whiteboard together or see their contributions come to life for the whole team in shared files, whether they're inking directly on Surface Hub 2S or working from their own device. Easily relocate from one room to another with Steelcase Roam™ Mobile Stands.²

Share, co-create, and fully engage

Seeing your shared content is as important as seeing the people you share it with—now you can have both. Coordinated Meetings lets you connect your Surface Hub 2S and Microsoft Teams Rooms devices together. Show remote attendees in a people-first video gallery, while interacting with content or conducting a collaborative whiteboard session with Surface Hub 2S.
