Experience

SHOT EVERY MOMENT YOU LIKE

13MP AI CAMERA

MORE CREATIVE DEPTH

Artistic Portrait

The depth camera can blur the background and highlight the portrait, enable each frame to recreate make-up colors beautifully and restore the radiance of your skin.

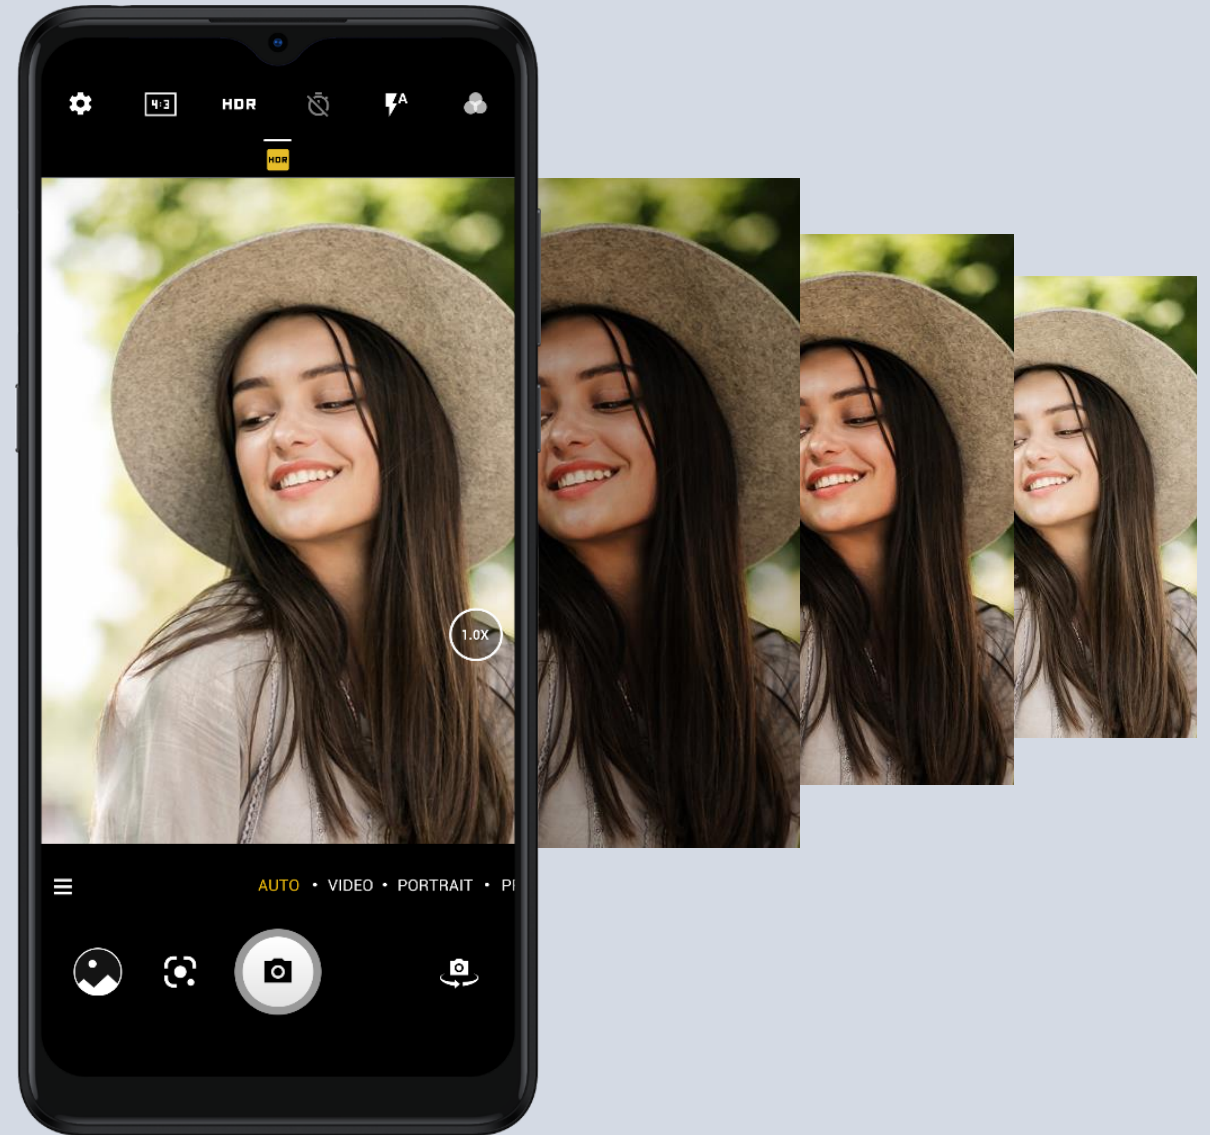

HIGHLIGHT YOUR BEAUTY

SMART HDR

5MP HDR Front Cam

Thanks to the smart HDR, the portrait can be clearly captured with delicate detail even in harsh backlit.

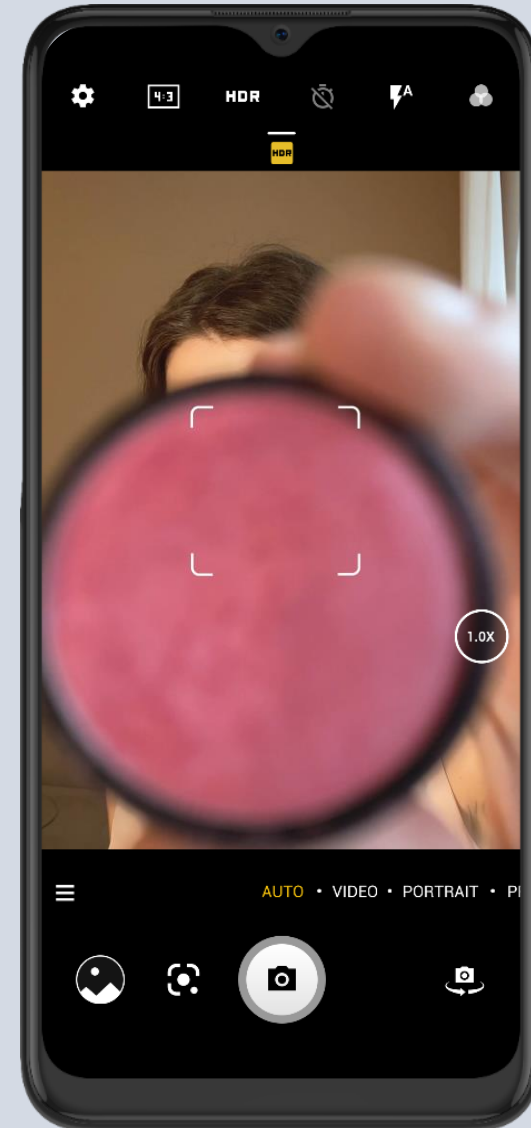

This algorithm accurately adjusts exposure, dark or bright, as well as captures and optimizes details to make your portraits stunning regardless of lighting.

FREE YOUR HANDS CAPTURE FACE AUTOMATICALLY

Auto-Capture

The front camera can detect faces automatically. And selfies will be taken a few seconds after faces are detected. No manual click needed when you take selfies.

EASY TO TAKE PHOTO GESTURE TO CAPTURE

Show your palm to rear camera and the device will automatically take a photo after beep count down 2 seconds when gesture recognized.

POWER UP YOUR DAY

5000mAh LARGE BATTERY

5000mAh

Large Battery

2—day battery power for outdoor explorers & social media-holic.

Smart Charging

The phone could close some power-consumed functions such like BT and WIFI automatically once you are sleeping through AI learning your behavior to save power, which helps to save up to 8%~10% power per night.

Also thanks to intelligent charging mode, the battery life will be extended extra 16%.

14 Hours
Video Playback

24 Hours
Music Playing

13 Hours
4G Web surfing

901 Hours
Standby time

5000mAh is typical value.
2&3&4All battery life are approximate and based on laboratory tests under controlled conditions, Actual battery performance will vary and depends on many factors including signal strength, network and device settings, temperature, battery condition and usage patterns...

INTELLIGENTLY IMPROVE PERFORMANCE

SMART MANAGER

Smart manager

Intelligently improve device performance through the following actions:

- Auto-start restriction
- Memory optimization
- Less battery consumption by battery saving mode
- Notification blockage

POWERFUL AND STABLE MORE POWER FOR MORE FUN

Helio G25 chipset

Powered by Hyper Engine technology, provides smooth performance, enhance power efficiency and reliable, low-latency connections.

High Speed Wi-Fi (5Ghz)

802.11ac (Wifi 5) delivers improved speeds, WiFi performance, and better signal strength.

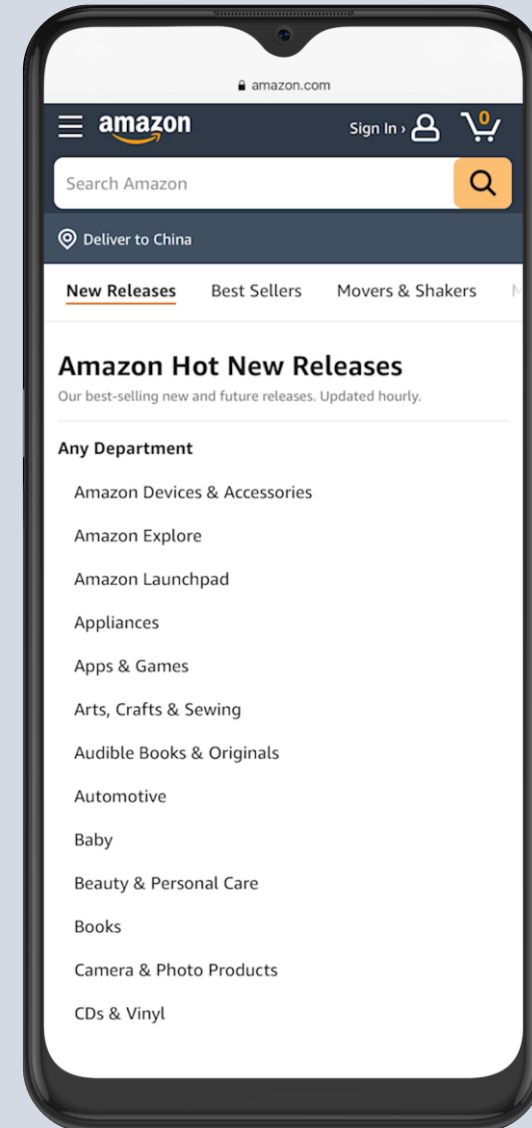

Hyper Engine

Hyper Engine confirms your phone run in its best even when you are calling or playing games.

Smooth multitasking experience

Octa-core Processor

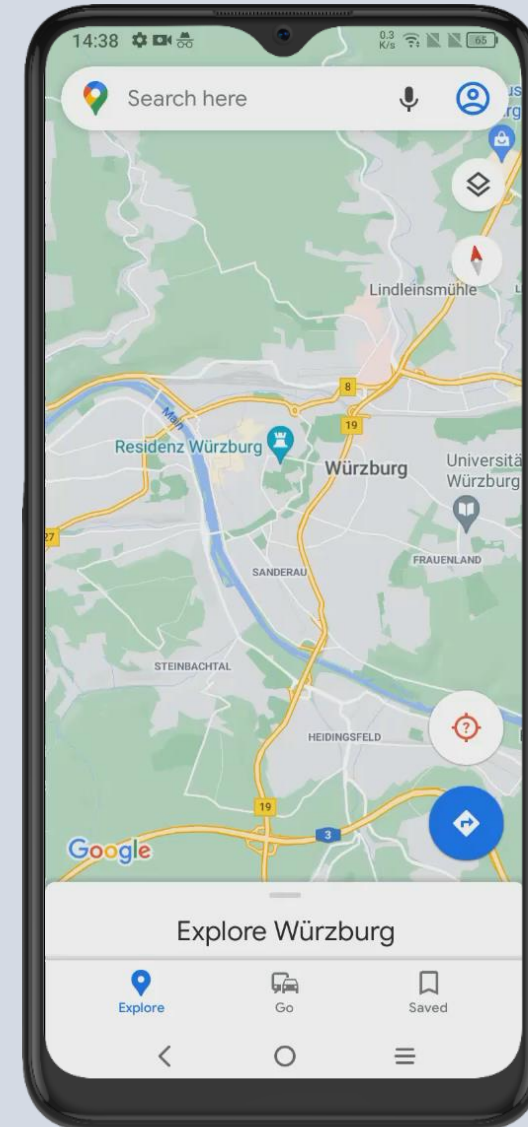

Improves power efficiency and extends battery life to making your phone more capable and efficient

ALWAYS KEEP SMOOTH EXPERIENCE DEEP OPTIMIZATION

Keeps all systems running smoothly for longer without major slowdowns

No worries about getting stuck again when you open multiple applications at same time benefits from Deep Optimization¹, which also ensures the phone remains smooth after long-term use.

¹Deep optimization means product performance will be decreased up to 10% in 18 months tested by internal labs.
