15% savings and 2-day fulfillment

IBM is offering a **15% price reduction** on all list prices for IBM Storage FlashSystem 5xxx and FlashSystem 7xxx.

In addition, **order an IBM FlashSystem Standard Configuration with a 2-day fulfillment****. Standard Configurations are pre-packaged, best practice configurations that meet business needs.

Key takeaways

15% - price reduction on list price when you order an IBM FlashSystem 5xxx or 7xxx by 30th September 2023.

30% - more capacity in a single rack unit versus previous generations.¹

90% - or more of projected FTE time will be freed to work on other value-added tasks by reducing the effort needed to manage the storage environment.²
