Microsoft 365 Copilot Pathfinder

Microsoft 365 Copilot is your AI assistant at work paving the way for a more productive working experience. Microsoft 365 Copilot combines the power of large language models (LLMs) with your organisations tenant data in the Microsoft Graph, and the Microsoft 365 apps, to turn your words into the most powerful productivity tool on the planet.

Take your first steps in your copilot journey with the SCC readiness workshop. This engagement will guide you through the phases required to ensure Copilot has a significant and successful impact on your business.
