

SAMSUNG

Galaxy A37 5G Enterprise Edition

Intelligence on hand at all times

The Samsung Galaxy A37 5G Enterprise Edition comes packed with smart tools, advanced capabilities and unparalleled security—with exceptional value.

With a powerful new processor and the new intuitive One UI 8.5, your teams get a super-smooth experience with more than enough power to take on the busiest workday. But where this phone really shines is with its array of essential AI tools—from Google Gemini¹ to the latest Circle to Search with Google,² plus AI call captions, transcripts and real-time translations. That's everything teams need to work with added smarts, find answers fast and keep their concentration.

Durability and stamina for the busiest day

Work confidently with a device that can shrug off unexpected workday spills and splashes—and do it all for longer.

Take your device out of the office, in the field or to the coffee shop without a worry. The Galaxy A37 5G Enterprise Edition boasts IP68³ water and dust resistance, so spills and splashes won't threaten your device.

And with its 5,000 mAh battery,⁴ the Galaxy A37 5G Enterprise Edition packs enough charge for day-long collaboration and creativity. 45W Super Fast Charging 2.0⁵ provides a quick power-up should things run low.

1. Compatible with select languages only. Google account login and network connection required. Google and Gemini are trademarks of Google LLC. Results may vary depending on visual matches. 2. Requires network connection. Compatible with select languages only. Google Account login and network connection required. If Gemini UI or Google apps are in view: Google [and Gemini / YouTube / Maps etc] are trademarks of Google LLC. Results may vary depending on visual matches. 3. IP68 rating based on lab test conditions for submersion in up to 1 meter for up to 30 minutes against low water pressure only. Not advised for beach or pool use. 4. Typical value tested under third party lab conditions. Rated minimum capacity is 4,905mAh. Compared to the Samsung Galaxy A56 5G. 5. Super Fast Charging 2.0 requires 45W power adapter. Sold separately.

The power to stay connected

Work productively anywhere with the Galaxy A37 5G Enterprise Edition's Exynos 1480 processor and 6 GB of RAM.

The Galaxy A37 5G Enterprise Edition provides plenty of power to keep on top of projects on the move. Performance won't dip when the action heats up, thanks to the advanced cooling chamber.¹ One UI 8.5 is also a pleasure to work from, making it easy to access the apps and tools you need.

Smarter ways to approach the working day

Find the answers you need, when you need them, and stay focused when it matters.

With Google Gemini,² you can chat using natural language to get help with anything from brainstorming ideas to planning your day. Plus, discover more about anything on your phone with the latest Circle to Search with Google,³ which can help you track down multiple products at once. You can even share your camera or screen in Gemini Live² for quick, contextual answers.

With Voice Transcription,⁴ which works in calls or the Voice Recorder app, you can access AI call captions, automatic transcripts and real-time translations to record and organise every detail during your meetings.⁵ You can also instantly revisit key points, share summaries and collaborate seamlessly, reducing the need for follow-ups and keeping projects moving.

Never be without a device for long

Enjoy greater peace of mind that you'll never be without your most important work tool for long, thanks to next business-day doorstep replacement.⁶

If you experience a manufacturer defect on your device, you can expect one of similar grade on your doorstep the next business day, helping you get back up and running fast. You're also protected from mobile threats with up to 6 years security and maintenance releases, plus 6 generational OS updates.⁷

1. When compared to Samsung A36 model. 2. Compatible with select languages only. Google account login and network connection required. Google and Gemini are trademarks of Google LLC. Results may vary depending on visual matches. 3. Requires network connection. Compatible with select languages only. Google Account login and network connection required. If Gemini UI or Google apps are in view: Google [and Gemini / YouTube / Maps etc] are trademarks of Google LLC. Results may vary depending on visual matches. 4. With Voice Transcription, which works in calls or the Voice Recorder app, you can access AI call captions, automatic transcripts and real-time translations. 5. Network connection and Samsung account required. Samsung account login is required for certain AI features. Galaxy AI features are provided for free. Future releases may include additional advanced features that are offered as part of a paid subscription plan. Different terms may apply for AI features provided by third parties. 6. Next Business Day (NBD) available with valid warranty claim, if booked with the Samsung Business Service Centre (BSC) before 2pm on a business day. Doorstep Exchange with Samsung gold stock. Excludes accidental damage. T&Cs apply. 7. 6 years from first global launch and 6 generations of OS updates for the Samsung Galaxy A37 5G.
