

ThinkPad L14 Gen 5 (Intel)

Designed to seamlessly fit into the hybrid lifestyle of mobile professionals, this lightweight and durable device is easy to carry around and can withstand the rigors of travels. It boasts the AI-enabled Intel® Core™ Ultra 7 Processor for efficient multitasking. Its 14" multi-touch screen with an antiglare surface makes content editing or working outdoors a breeze. With integrated Intel Graphics the device makes every visuals smooth, whether presenting 3D renderings and animated content. Plus, the integrated 46.5Wh battery with Rapid Charge support offers uninterrupted productivity.

Redefining possibilities with powerful performance and groundbreaking on-device AI

ThinkPad L series laptops offer reliable performance and durability for modern professionals with powerful processors, robust security features, long battery life, and versatile connectivity options, ensuring productivity on-the-go.

To cater to the connectivity needs of digital creators, the device is equipped with Intel® Wi-Fi 7 and Bluetooth 5.3. The onboard Thunderbolt 4 port supports rapid data transfer and power delivery, whereas the DisplayPort 2.1 and HDMI 2.1 lets users effortlessly connect to larger screens for high-impact presentations or client pitches.

From senstive client information to annual sales reports, the Discrete TPM 2.0 security chip adds an extra layer of security to your digital world. A Kensington Nano Security Slot allows users to secure their device in public spaces, whereas the power-on password ensures only authorized users get access to the device.

Blending premium design and features into a slim form factor, this new gen ThinkPad is just the right choice for professionals looking for a device under a budget.
